		TOTAL	€72.88

Book Covering and Naming

- Due to the high quality of glossy cover on workbooks currently we believe it is unnecessary to cover workbooks with additional plastic covers.
- **PLEASE** ensure that your child's name is on the **front cover** of all books and preferably at the top of the book for ease of distribution in class.

School Purchase Scheme

- In recent years we have bulk ordered various items such as folders, glue sticks etc for all children. This scheme has worked very successfully and ensured a greatly reduced price on all items for all children.
- Children will be given their required items for their class when school re-opens.
- Children will be provided with all copies & scrapbooks necessary for their class.
- We are also providing all pencils, pens, twistables, colouring pencils, rubbers, rulers and parors for use by children in class. These items will be shared, labelled and kept in school. Children will not therefore need a pencil case for class. A contribution towards the cost of these items will be decided on a class by class basis & deducted from the envelope scheme.
